17 Proposal Validity

All proposals shall be considered valid for acceptance until such time an award is made, unless the Proposer provides for a different time period within its proposal response. However, the City reserves the right to reject a proposal if the Proposer's acceptance period is unacceptable and the Proposer is unwilling to extend the validity of its proposal.

18 Prime Contractor Responsibilities

The selected Proposer shall be required to assume responsibility for all items and services offered in his proposal whether or not he produces or provides them. The City shall consider the selected Proposer to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract

19 Acceptance of Proposal Content

The mandatory RFP requirements shall become contractual obligations if a contract ensues. Failure of the successful Proposer to accept these obligations shall result in the rejection of the proposal.

20 Evaluation and Selection

THE CONTRACT SHALL BE AWARDED TO THE LOWEST RESPONSIBLE AGGREGATE BIDDER, TAKING INTO CONSIDERATION THE CONFORMITY WITH THE SPECIFICATIONS AND DELIVERY AVAILABILITY AND CHARGES.

PROPOSALS SHALL SET FORTH THE COST PER UNIT ON THE PROVIDED FORMS. City of Covington will accept one price for each item unless otherwise indicated. Two or more prices for one item will result in bid disqualification.

INDIVIDUAL ORDERS WILL BE PLACED UNDER THE CONTRACT. NO MINIMUM VALUE IS GUARANTEED.

The name of a particular brand, make or manufacturer in the specifications, as provided herein, is used only to denote the quality of standards, fit and compatibility of product desired and does not restrict bidders to the specific brand, make, manufacturer or specification name. Brand names are used only to set forth and convey to prospective bidders the general style, character and quality of product desired. Equivalent products meeting the minimum specifications will be acceptable. Bids may be submitted for products of equal quality, fit and compatibility provided brand names and stock numbers are specified and completed product data is submitted with bid.

All prices shall be quoted in the unit of measure specified, and unless otherwise specified, shall be exclusive of State and Parish taxes. As per LSA-RS 47:301 et seq., all governmental bodies are excluded from payment of sales taxes to any Louisiana taxing body. All bids shall be based on FOB delivery to the Public Works Department in the City of Covington.

21 Contract Negotiations

If for any reason the Proposer whose proposal is most responsive to the City's needs, price and other evaluation factors set forth in the RFP considered, does not agree to a contract, that proposal shall be rejected and the City may negotiate with the next most responsive Proposer. Negotiation may include revision of non-mandatory terms, conditions, and requirements. City must approve the final contract form and issue a purchase order, if applicable, to complete the process.

22 Contract Award and Execution

The City reserves the right to enter into a contract without further discussion of the proposal submitted based on the initial offers received. The RFP, including any addenda, and the proposal of the selected Contractor will become part of any contract initiated by the City.

If the contract negotiation period exceeds thirty (30) days or if the selected Proposer fails to sign the contract within seven calendar days of delivery of it, the City may elect to cancel the award and award the contract to the next-highest-ranked Proposer.

Award shall be made to the Proposer with the lowest aggregate price, whose proposal, conforming to the RFP, will be the most advantageous to the City of Covington, price and other factors considered. The City intends to award to a single Proposer.

23 Notice of Intent to Award

Upon review and approval for award, the City will issue a “Notice of Intent to Award” letter to the apparent successful Proposer. A contract shall be completed and signed by all parties. Any person aggrieved by the proposed award has the right to submit a protest in writing, in accordance with RS: 39:1671, to the Director of Administration, within fourteen days of the award/intent to award.

24 Payment

The City shall pay the Contractor in accordance with the Pricing Schedule set for in an attachment hereto. The Contractor may invoice the City monthly at the billing address designated by the City. Payments will be made by the City within approximately thirty (30) days after receipt of a properly executed invoice, and approval by the City. Invoices shall include the contract and order number, using department and product purchased. Invoices submitted without the referenced documentation will not be approved for payment until the required information is provided.

25 Termination

25.1 Termination of the Contract for Cause

The City may terminate the contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the contract, or failure to fulfill its performance obligations pursuant to the contract, provided that the City shall give the Contractor written notice specifying the Contractor’s failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct such failure and thereafter proceeded diligently to complete such correction, then the City may, at its option, place the Contractor in default and the contract shall terminate on the date specified in such notice.

City of Covington reserves the right to cancel all or any part of the contract if orders are not shipped in the delivery time specified. The City of Covington reserves the right to cancel any contract at any time and for any reason by issuing a thirty (30) day written notice to the contractor and/or vendor.

The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the City to comply with the terms and conditions of the contract, provided that the Contractor shall give the City written notice specifying the City’s failure and a reasonable opportunity for the City to cure the defect.

25.2 Termination of the Contract for Convenience

The City may terminate the contract at any time by giving thirty (30) days written notice to the Contractor of such termination or negotiating with the Contractor an effective date. The Contractor shall be entitled to payment for deliverables in progress.

25.3 Termination for Non-Appropriation of Funds

The continuance of the contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the council. If the council fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Mayor or by any means provided in the appropriations act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

26 Assignment

The Contractor shall not assign any interest in the contract by assignment, transfer, or novation, without prior written consent of the City. This provision shall not be construed to prohibit the contractor from assigning his bank, trust company, or other financial institution any money due or to become due from approved contracts without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to the City.

27 No Guarantee of Quantities

The City does not obligate itself to contract for or accept more than the actual requirements during the period of the contract, as determined by actual needs and availability of appropriated funds.

Any act of discrimination committed by Contractor, or failure to comply with these statutory obligations when applicable shall be grounds for termination of the contract.

30 Record Retention

The Contractor shall maintain all records in relation to the contract for a period of at least five (5) years after final payment.

31 Record Ownership

All records, reports, documents, or other material related to any contract resulting from this RFP and/or obtained or prepared by Contractor in connection with the contract herein shall become the property of the City and shall, upon request, be returned by Contractor to the City, at Contractor's expense, at termination or expiration of the contract.

32 Content of Contract/ Order of Precedence

In the event of an inconsistency between the contract, the RFP and/or the Contractor's Proposal, the inconsistency shall be resolved by giving precedence first to the final contract, then to the RFP and subsequent addenda (if any) and finally, the Contractor's Proposal.

33 Contract Changes

No additional changes, enhancements, or modifications to any contract resulting from this RFP shall be made without the prior approval of City. Changes to the contract include any change in: compensation; beginning/ ending date of the contract; and/or Contractor change through the Assignment of Contract process.
